**TEMPEANS INTERESTED  
IN MEETING TONIGHT**Local People to Lend Impetus to  
Subdivision of School Land  
Area

That there will be a goodly representation of Tempe citizens at the meeting this evening when the subdivision of school land will be discussed, is quite manifest from the interest that has been taken in the movement. The possibility of locating a few hundred more people in the immediate vicinity of the town will no doubt be eagerly followed by Tempeans and as a preliminary move it is intended this evening to draw up a set of resolutions asking that the state land department approve the section of school land adjoining the corporate limits of Tempe on the west, and subdivide it into small acre tracts. Even this one section will make room for a goodly number of new homes in this section.

Tonight's meeting will be held at the town hall at eight o'clock and all those who can are urged by the volunteer committee-men who are boosting the movement to attend.

## ANOTHER WHEEL GONE

The wheel thieves business continues lively in Tempe and while the marshal is busy advertising the finding of one wheel somebody else has lost his. He has now to report the disappearance on one night of last week a blue Racycle, large seat and large handlebars and with the factory number 56488.

## GARBAGE WAGON PATROL

Another step toward the betterment of Tempe's sanitary conditions becomes effective today when the garbage wagon will commence its semi-weekly collections. The manager has desired that residents of the town take notice of the new arrangements and that they govern themselves accordingly. The wagon will make its usual route every Monday and Thursday making the initial drive today.

## WILL VISIT FAIR

Mr. and Mrs. Garfield A. Goodwin departed last evening for San Francisco where they will spend a greater part of this month. The relief man for the Wells-Fargo company arrived last night and will assume charge of the local office today.

LOST—Two check books, day book, letters and miscellaneous articles in bunch on sidewalk in Tempe last Tuesday night. Liberal reward return to Frank Fogel, Tempe.—Adv.

## ODD FELLOWS INITIATE

Another candidate for membership to the Odd Fellows lodge was treated to an insight of the mysteries of the initiation degree at the lodge meeting Saturday evening. The social hour of the evening was a smoker, officiated at by R. H. Harvey, who recently joined the order.

## MOUNTAIN STATES PARTY

It might be termed a reunion of the Tempe employees of the Mountain States company that was held at Chandler yesterday afternoon. Miss Nell Hansen, who was recently promoted from chief operator at the local board to manager of the Chandler exchange entertained these members who are now associated with the exchange here. W. W. Pankey, Mrs. Pankey and their son Gray, Miss Pearl Columbia and Miss Hazel Sandoz.

## BACK FROM THE COAST

Jesus Valenzuela of the Tempe Toggery has returned from a couple weeks' vacation at Los Angeles and San Diego.

**SIDEWALK RIDING  
IS TO BE STOPPED**

Chief Briscois Orders Bicycle Ordinance Strictly Enforced

While the police have always been active in enforcing the ordinance making it a misdemeanor to ride a bicycle upon a sidewalk, there is to be special activity along that line under an order issued yesterday by Chief of Police George O. Briscois. Heretofore the offenders have been dealt with leniently, but there have been so many cases reported where lives and limbs have been endangered, particularly those of children, the chief believes that drastic steps must be taken before some serious accident occurs.

While the offenders in many cases are children or young boys, the practice is not confined to them entirely, and men are frequently brought into the city police court. Nominal fines have generally been imposed where convictions have been secured. In the case of children it has now become the rule to confiscate temporarily the bicycle of the youngster which is returned when the usual bail money or the amount of the fine is forthcoming.

Chief Briscois says that there is no desire to harass petty offenders but states that the practice of riding a bicycle upon a sidewalk is most dangerous and that the ordinance is a good one and will be enforced.

**A BIG ASSET IS THE  
NEW CANNERY AT MESA**

With the arrival of a carload of the new sanitary cans, and the machinery which is to be used in setting the tops, work will be resumed at the Salt River valley cannery today. With the receipt of the present consignment of cans there is sufficient material for a general cleaning up of this year's tomato harvest.

The canning of the peach crop will also commence today. While there will be a good representation this year of the line of the cannery's products, it is expected that with the coming into bearing next year of several new orchards the output of canned peaches as well as that of other fruits will be considerably larger.

No difficulty was encountered in disposing of this season's production, in fact had the output been considerably larger there would have been a market for it.

While a few weeks ago the institution was an experiment, the management are now well satisfied with what has been accomplished, and there is no doubt but that the cannery can be enumerated with other of the valley's permanent assets.

## "BUCKSHOT JOHN"

The famous story of "Buckshot John," by Charles E. Van Loan, will be shown at the Majestic tonight. This is the latest release by Bosworth and is an unusually stirring and original play. The rounding up of a gang of desperadoes, the trial of the sole survivor, the way in which a fake clairvoyant gets hold of the secret of the crime, the escape of the survivor, Buckshot John, from prison and his relentless pursuit and ultimate capture of the fakir are a few of the thrilling incidents of the play. Hobart Bosworth plays the

**PHOENIX FORUM MEETS  
AND REMEMBERS SICK**

The Phoenix Forum, an organization formed by the colored citizens of the city, for their moral, social and educational betterment, three years ago, held its regular weekly meeting Sunday afternoon at the A. M. E. church, with J. A. Green acting president.

Following the regular opening exercises, a hearty discussion ensued upon methods by which the Forum might reach the unreachables of the city.

One suggestion touching upon increased attendance was that the pastors of the colored churches be urgently requested to announce the meetings of the Forum each Sunday.

J. A. Green and Mrs. Georgia Owens were among the other speakers. The program for next Sunday is already arranged and the participants appointed. In addition to a vocal solo by one of the local talents, Prof. C. C. Credle and Rev. N. E. White will attempt to answer the question—Does Freedom Mean to the American Negro? As both the above speakers are well acquainted with the topic and are good talkers, a large crowd is expected at the Forum which meets at the C. M. E. church.

The organization sent a beautiful floral token to Isaac Smith, one of its members, who is on the sick list, but who is recovering.

It has been stated by a number of reliable and conservative local individuals that the Phoenix colored citizenry has made more progress in getting together, home-getting, "money saving" and in mental awakening, with the last three years, than ever and that these encouraging results may largely be attributed to the work of the Phoenix Forum.

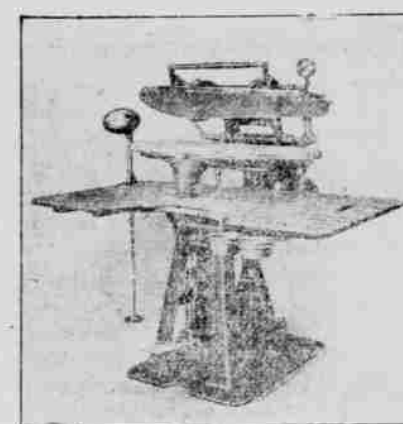

**PREPARING FOR WAR  
AND CATTLE BUSINESS**

Newest Recruit at the Home of Ben Peterson

This country, alarmed at its state of unpreparedness, is getting ready for war. Foreign invaders must be repulsed if they come. Another boy was born into the family of Ben Peterson yesterday afternoon but the arrival of the reinforcements did not interfere with the scene of activity in the vicinity of Ben's bootblack stand.

The Peterson family consists now, besides Mr. and Mrs. Ben, of six sons and three daughters. This event like the last similar one, has a bearing on the cattle industry as well as the military preparedness of the country. The last boy was the forerunner of a cow, the gift of John R. Norton who contributed a fine jersey in consideration of the honor of having the youngster named after him.

Ben has another cow in mind and in reply as to the probable name of the newest recruit, he said: "I'm not quite sure yet; I'm looking around for a live zoy. I can find a lot of dead ones to name him after but I can't never get into the cattle business very far that way. I believe now that this boy's going to be named Billy Cook Peterson."

**HALT!**

The command to HALT has back of it the power of the army. In hundreds of communities in this country today a HALT has been called on the Community Robber, on the man or woman who, thinking or unthinkingly, robs the community by refusing to patronize HOME interests. What's needed today are MORE sentries, more men and women to call a halt on such thoughtlessness. Our community is asked to take a definite stand on this question. Let each man appoint himself a sentry to see that the community life is preserved. Other communities have fallen in line. They have hoisted the Home Trade flag. WE must fall in LINE or fall BEHIND. Forward, March.
